

Government Reform Agenda

Legislative Oversight:

Limit the power of the Executive Branch and ensure greater input from all members of the State Legislature

Budget Reforms:

Finally bring State spending under control, emphasize fiscal issues over policy, and end the "three-democrats-in-a-room" process

Regulatory Reforms:

Eliminate or prevent burdensome regulations that are imposed by one branch of government, and increase legislative input over new rules

Ethical Government:

Establish a new Department of Oversight and Investigation to enforce legal and ethics compliance for State officials

Increase Transparency:

Require openness with regard to State contracts and provide for voter input when filling vacancies for Statewide elected offices
